

Global city. Global library.

2016 Annual Report

Global city. Global library.

According to the U.S. Census, an estimated 90 world languages are spoken in Indianapolis. Nearly 1 in 10 Indianapolis homes speak a language other than English. And in the past decade, minority populations have grown by over 173 percent.

The Indianapolis Public Library has committed to provide learning opportunities to help new citizens engage both socially and culturally. In 2016, bilingual storytimes, cultural programs, Spanish language computer classes, English instruction for the workplace and our collection of world language materials touched thousands of lives and enhanced our city's cultural richness.

The Indianapolis Public Library Foundation was active in securing support for a wide range of Library programming. An Innovation Grant from The Indianapolis Foundation Library Fund will expand support for the world language collection, initiatives to assist immigrants and non-native English speakers in using the Library and translation of Library promotional materials into more languages. Another large grant from Lilly Endowment Inc. will create, among other things, the Center for African-American Literature and Culture at Central Library, a showcase of the African-American experience in Indianapolis and beyond.

Our 2016 milestones gave the entire community cause for celebration. The merger of the Beech Grove Public Library allowed its patrons access to more materials and services. Two new custom-made Bookmobiles began services that included a new public route and more programming visits to child cares and after-school centers. We were honored to receive the American Library Association's "Library of the Future Award" for our innovative eBook Tinker Stations.

Above all, the Library remained focused on its strategic goals of promoting literacy, embracing our diverse community, building a relevant collection and acting as an agent of innovation to maintain the highest level of service to the community. All were accomplished while remaining fiscally sound and responsible with tax monies entrusted to us.

We look forward to making 2017 another banner year for the Library and Library Foundation!

Maximizing Access to Services

In keeping with the Library's strategic plan to create a network of services in convenient and accessible locations, a number of key projects were completed in 2016.

The Beech Grove Public Library

This became IndyPL's 24th service location, effective June 1. In the first six months of service, Beech Grove circulation increased 88%, patron visits increased 44%, and Beech Grove staff issued 177% more library cards. The consolidation of library districts achieves greater efficiency and sustainability in operations.

Southport & Warren Branch Renovations

Improvements to these 16,000-square-foot libraries, their first major upgrades since opening in 1974, include new entrances; separate areas for children, teens and adults; expanded circulation areas; computer labs; more seating; new shelving and new community meeting rooms.

East Washington Branch

Work began on a 2,200-square-foot expansion of this renowned Carnegie Library along with interior updates to improve access and enhance services, while maintaining its historical integrity.

Reopened in February 2017

Frog and Toad Unveiled!

Our new Bookmobiles replaced two 15-year-old vehicles that logged more than 180,000 miles of service. They will attract more children and patrons of all ages with their ability to act as a full-service library on wheels.

Did you know? Frog and Toad are names based on the award-winning children's series by Arnold Lobel.

Michigan Road Branch

The first in a series of community engagement meetings provided project architects and Library representatives a clear vision of community needs for this new 20,000-square-foot branch to be located on the southeast corner of Michigan Road and 62nd Street.

Scheduled opening: Fall 2018

Funding for the Library's capital projects comes from individual bonds approved by the Indianapolis City-County Council and assessed with no increase in the Library's current debt service tax rate.
